## Mr. Norton Again Insists That Elizabeth Shall Marry Him, and What Is More, Shall Learn to Love Him.

I DID NOT linger on the veranda that night. I was afraid that Mr. Norton might return and resume the conversation of Monday afternoon.

Therefore, as soon as I felt calm enough to speak quietly and to behave with some degree of naturalness, I went up to Mrs. Gore's room and knocked on the door. She called to me to come in.

"May I trouble you to give me that medicine for Grace, please?" I asked.

"Here it is," she replied. You will find full directions for administering it on the bottle. We have not had to use it for over a year now. I hoped the last outbreak those attacks, I

# WAS KNOCKED OUT WHEN ON RUN, HE SAYS

## Had Suffered Terribly for Years; Takes Tanlac and Is Now Well Man.

"You can just take my statement and publish it to the world as that everything who care to may profit by my experience with Tanlac," said E. R. Turner recently. Mr. Turner is a fireman on a Southern Pacific passenger train between San Antonio and Houston, and resides at 1218 North Hackberry street, San Antonio, Texas. "Yes, sir, I feel that I owe my life to Tanlac," continued Mr. Turner, "and I also feel it my duty to tell everybody about it. For two years I suffered from rheumatism, stomach trouble and a general rundown condition which rendered me unable to work at times. I had no appetite, the rheumatism was awful and I simply suffered torture. At times I could hardly get into my undies and more than once I have actually fallen. I was so crippled up and hurt so bad, one time while on a trip from Houston I had an attack that knocked me completely out. The engineer had to pick me up and help me the best he could, and when we got home no one thought I would pull through."

"It was what others said in the papers about Tanlac that caused me to take it. I didn't figure on getting well because I had tried so many things with no results, but do you know, I feel better right now than I have in years. I'm thoroughly relieved of all that awful rheumatism, stomach trouble and everything else that bothered me. In fact, I'm now a well man and can go the rounds with anybody, and I can't refrain from talking Tanlac when there are so many people needing just such a medicine. I will be glad to tell anybody at any time what Tanlac has done for me and you are welcome to my statement for the good it may bring to others."

Tanlac is sold in El Paso by Kelly & Pollard Company, Inc., and People's Drug Store, under the personal direction of a special Tanlac representative.—Adv.

# NEWS NOTES FROM MOVIELAND

By DAISY DEAN.

I f the boys in the trenches "over there" are cold this winter it will not be Pauline Frederick's fault. Miss Frederick, who recently took her second excursion into the matrimonial field, devotes most of the time which is not consumed in starring in pictures to knitting for the soldiers. Her most recent starring vehicle is an adaptation of Henry Arthur Jones's well known play, "Mrs. Dan's Defense."

## DO YOU REMEMBER?

When Edison started his historic series and the list included "The Battle of Bunker Hill," "The Surrender of Bataan" and "Remember the Alamo."

When you heard they were going to charge 10 cents for the "movies" and immediately declared it couldn't be done, because news was willing to pay so excellent a price?

When Richard Neil and Edith Chapman played in "The Light Brigade" and Edward Markes was the leading man of the company?

When Ethel Clayton, Louise Carter, Theodore Roberts, Edward Mackey and the late Walter Hitchcock played in stock in Milwaukee, Wis.?

When Gene Gutter went to London to produce plays under the direction of Sidney Croft and her list included "You Remember Ellen"?

When "Brencho Billy" Anderson was the western idol of the screen?

Says Virginia Pearson: "A smart, becoming hat and attractive gloves make for the most inexpensive frack in the world. Good grooming and the faculty of wearing clothes properly are the essential qualities for attractiveness in a woman's appearance." She speaks truth.

"You mean," I gasped, "that you have told her?"

"Yes," he broke in, "that you and I are engaged just that. And tomorrow I shall have everybody else know it, too."

"You will not!" I exclaimed, still lowering my voice that nobody might overhear me. "You will do nothing of the kind! We are not engaged! I don't love you."

"You did until that young Parker came here," he asserted angrily. "And you gave your promise the other night. Don't forget that! And don't forget that I told you weeks ago that I wanted to marry you, and you hesitated just what you mean in my life, and you let me hope, and let me believe."

"Oh!" I burst forth, my rage refusing to be restrained any longer. "How can you say such things! How can you?"

I stopped short, for I realized with a sudden flash of memory that there was some truth in what he said.

I had accepted his gift, his devotion; I had kept him waiting for a answer for which I had no right to deny him to wait unless I meant it to be an affirmative answer.

## FORMER NAVAL CLERK IS CONVICTED OF ESPIONAGE

Honolulu, T. H., Oct. 24.—George Roenitz, former clerk to commandant George R. Clark of the Pearl Harbor naval station, pleaded guilty in the United States district court to a charge of espionage prior to the declaration of war.

In sentencing Roenitz to one year in prison, with a fine of \$250, Judge Polinder said:

"It is fortunate for you that your acts were committed before the war. In your own country many persons have gone to the wall on less evidence than was found on you."

Roenitz, a naturalized German, was accused of having photographed fortifications at Pearl Harbor and of having in his possession papers and plans belonging to the government and maintaining a system of espionage intended to give aid to the enemy.

## PLAN BIG DRIVE FOR CAMP RECREATION FUNDS

Washington, D. C., Oct. 24.—Plans were laid here for a nationwide drive during the week of November 4-10 to raise \$2,500,000 for the war camp community recreation fund.

The drive is being conducted by the National Recreation Association, which is the national and state defense councils, chamber of commerce members, Rotary clubs, women's organizations and other associations from all sections of the country.

Secretary of war Baker told the conference that he wanted the soldiers to have "that invincible armor, that moral and intellectual armor, that new soldier state of mind for their protection overseas."

## PLANS TO HAUL ORE BY AIRPLANE LINE

Salt Lake City, Utah, Oct. 24.—One is to be carried from the copper mines in the American Fork. The and Little Cottonwood districts of Utah to the smelters by airplane, according to plans announced by John D. Blue, Jr., banker and capitalist of Cedar Rapids, Iowa, and vice president of the Proctor State bank.

Mr. Blue is identified with several mining enterprises. He said that a transportation company would be formed and that the introduction of aircraft would facilitate delivery of ore in that the roads in that district in winter are almost impassable.

## KEEP LOOKING YOUNG

### It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 50c per box. All druggists.

## Your Money Will Not Save You When the Foe Is at the Door

IT WILL BE TOO LATE THEN AS IT WAS TOO LATE IN BELGIUM. All the millions in the Belgian Banks, all the wealth of Belgium's manufacturers and financiers, could not stem the tide of German cruelty, could not save Belgian homes, could not save the Belgian mothers, could not save the Belgian babies or the Belgian girls.

AND BELGIUM IS NOW A DESERT WASTE, HER HOMES IN ashes, her cities leveled, her women and children starving, her men deported to work as slaves in German mills and mines. That is the treatment Germany's war lords have given hopeless, dying Belgium, and that's the treatment they'll give YOU, GIVE ALL OF US, if they get the chance.

THE BATTLEFIELDS, SO FAR, HAVE BEEN KEPT 4000 MILES away, and we want to KEEP THEM THERE. And the only way to keep them there is to send to France and England all the ships and all the money and all the men and guns and shells we can.

THAT'S WHY WE ASK YOU FOR MONEY NOW. THAT'S WHY we ask you to buy LIBERTY BONDS and buy them QUICK. If you wait till Britain's ships are sunk and France has given up in despair—if you wait till Canada is made a German colony—then the German forces instead of being 4000 miles away will be right at your doorstep—and this state will feel the force of German guns and German bombs. That's why we say, with all the earnestness in our power, don't wait till the foe is at your door but

## Buy Your Liberty Bond Today

Buying a United States Government Bond is the simplest and easiest thing in the world to do. There is no red tape about it. Simply step into any bank or bond house and make either a part payment, or the whole payment, as you prefer. You can buy a \$50 bond or a bond for any amount higher than that. Remember, the U. S. government is not asking you to give anything. It is merely asking you to lend what money you can.

## IMMEDIATE UNIVERSAL WAR TRAINING STRONGLY URGED

Chicago, Ill., Oct. 24.—Immediate adoption of universal military training was urged in resolutions adopted yesterday by the state committee on the medical section of the council of national defense at a meeting today. Only two states were without representation at the meeting—Maine and Delaware—and the adoption of the resolutions was without dissenting vote.

Considerations of physical strength and mental alertness, as well as national defense and the obligations of citizenship should be taken up at once by the government as a measure of national conservation, the resolutions declared. Six months be given as the least period of training and the age of the young men taken for training was placed at 18. Adequate physical training and instruction in the public schools was also advocated.

BALLERINI BEATS BALBO'S TIME.

Minneapolis, N. Y., Oct. 24.—Lieut. Ballerini, of the Italian army, with five passengers flew from Lancaster field, Washington, to the United States aviation grounds here yesterday, a distance of about 300 miles in three hours, 2 minutes. Lieut. Ballerini's time is 15 minutes under that of Lieut. Attilio Balbo who covered the same distance Monday.

## TRAVIS COUNTY TO VOTE ON PROHIBITION NOV. 15

Austin, Texas, Oct. 24.—Travis county will vote on prohibition November 15. The election was ordered last Tuesday by the county commissioners court, which received a petition signed by 1200 persons, asking that an election be held.

Prohibition leaders say they hope to make the state capital "bone dry" as an example to other cities of the state.
